ITALIAN MISSION INVITATION

Following the agreements signed between the National Council of Geologists (CNG), China Mining and Environment Union (CMEU) e Geotek in August 2018 in Chengdu, we invite you in a work collaboration opportunity in the Chinese market both for professional geologists and for companies with geologists working in the field of Earth Sciences.

The initiative will take place at the China Asean Mining Forum 2019, which will be held from November 13th to 17th 2019 in Nanning, China, where we will also be scheduled specific meetings on November 14th, 2019 from 2.00 pm to 5.00 pm and 15 November 2019 from 9.00 to 13.00.

Expressions of interest must be sent by 22.10.2019 to the e-mail address missionecongchina@gmail.com.

The expressions of interest will be examined by the Chinese Partners and, in the event of a positive response, direct communication will be given to the interested Italian professional or to the Italian company by 04.11.2019 in order to allow the organization of the Chinese mission to interested parties.

The selected professionals will be offered lunch/dinner at restaurants affiliated with the Forum and hotel, while the company representatives will be offered only board.

The Chinese host structures will also take care of the accreditations at the Forum.

It is believed that what is proposed could be a real and concrete opportunity to expand one's work and professional consultancy network, considering the recognized technical skills of Italian professionals and companies in the geological sector.

Meng WANG
